

Modular Telephony Termination Kit

Make on-the-spot RJ-11/RJ-22 (6-wire/4-wire) telephony plug terminations.

Overview

Use this RJ plug termination kit to make on-the-spot telephony plug terminations in the field. The termination tool terminates and crimps RJ-11 (4- or 6-wire) and RJ-22 handset plug connectors. This tool can also cut and strip cable to prepare the raw cable for termination. Also included in the kit are (50) RJ-11 (6-wire) UTP plugs, (50) RJ-11 (4-wire) UTP plugs, and (25) RJ-22 handset UTP plugs.

Your package includes the following items. If anything is missing or damaged, please contact Black Box Technical Support at 724-746-5500.

What's Included

- (1) termination tool for RJ-11 (6-wire)/RJ-22 crimps
- (50) RJ-11 (6P6C) modular plugs
- (50) RJ-11 (4P4C) modular plugs
- (25) RJ-22 handset plugs
